

Amending Sexual Exploitation

In order to achieve our organizations core values, we must work together with other non-profit organizations to prevent, rescue, restore and reintegrate survivors of sexual exploitation. We work diligently with other non-profit organizations to better aid survivors in any way we can. Not one organization can account for all those who are affected by sexual exploitation, which is why partnering with others, who share are core values is essential in the process of making every voice matter.

The Oasis House is a Christ centered faith-based organization (located in Dayton, Ohio) that seeks to empower women on their journey to holistic healing in all phases of life including mentoring, shelter and life development skills.

Through our outreach and programming efforts, Oasis House has connected with more than 300 women a week since 2004, that are involved in trafficking/prostitution/exotic dancing and are homeless, physically, and sexually abused (most as children). They suffer from substance abuse and legal issues, including incarceration.

Oasis House is in Dayton, Ohio and operates two residential safe houses with a total capacity of serving 11 women. The newest house serves women that require trauma care for up to two years. The original house serves women that are transitioning into independence and still need a supportive living arrangement for up to a year.
